\*The student's grade for this assignment will be used in the university's assessment of student learning. A 70% competency or higher receives a Pass rating. This Pass/Fail rating is independent of the student's course grade.

Daily and/or weekly quizzes, small weekly assignments and similar type projects: Normal return time to student by next class meeting or no later than one (1) week.

Extensive assignments, large lab projects, extensive quizzes, exams and similar type projects: Normal return time to students in one (1) to two (2) weeks.

## **RECOMMENDED STUDENT COMPETENCIES/SKILLS**

1. Basic computer skills including the ability to view videos, post in discussion forums, as well as the ability to use Word and PowerPoint.
2. Manage time effectively.

## **AUTHORIZED TOOLS**

Students are expected to cooperate in maintaining a classroom environment conducive to learning. Courteous and respectful behavior will be expected from all students each day. All cell phones, MP3 players, etc. should be turned off. The use of tobacco in any form in university buildings is prohibited.

## **LATE WORK**

When a deadline is set for an assignment, this means it is due **in the online classroom before the deadline assigned**. If you do not turn in the assignment into the appropriate dropbox (regardless of reason), your work is late. You can turn in one late assignment no later than one week from the

original due date. This cannot be used during the last week of the semester, on daily assignments or on bonus assignments. If you do not use the late assignment then you will be given 10 bonus points at the end of the semester.

I will take attendance every day. On most days, we will have in-class activities /participation points. If you are not in class for these, you miss the points for that activity and **these cannot be made up**. Also, those who attend class regularly have the benefit of knowing about the assignments in-depth. If you must miss class, you are responsible for any missed work or assignments made for that day (participation points cannot be recalled). Email or call me, or one of your classmates, **before** the next scheduled meeting so you will be prepared for the next class. Also, check our online classroom for timely announcements regarding class and assignments.

### **TESTING**

We will test in a computer lab via the online classroom, and each student must be in attendance in order to receive the password to unlock the test. I will announce the testing room typically about one week before our test date.

### **OTHER LAB AND CLASSROOM POLICIES**

I use the online classroom as a supplement to the classroom setting. To access this tool, login in to <https://my.okstate.edu> or login to the “online classroom” at the OSUIT home page. Stay in touch with course assignments and events by going to this site daily. Make sure you check your email frequently because sometimes I try to get in touch with you through this tool. **Unless otherwise stated, only assignments turned in via the online classroom dropbox will be graded (no-e-mailed assignments).**
