

2023-2024 REQUEST FOR INCOME ADJUSTMENT

Student Name: _____ CWID #: _____

Do NOT submit this document and/or supporting documents that include secure information, such as your social security number, via email.

Federal Student Aid is based on the gross annual income from the previous tax year. If your income has recently changed or you have special circumstances that were not taken into account on your FAFSA, we can reevaluate your financial need base. For dependent students, we will consider both student and parent income. For independent students, we will consider student and spouse (if applicable) income.

Unfortunately, there are certain circumstances that we **cannot** consider based on personal choices, such as expenses for car payments, consumer debt, personal bankruptcy, housing, school loan payments, or other frivolous spending.

IMPORTANT:

- Not all requests will result in a change in federal student aid eligibility
- You may only submit one request per academic year
- **Incomplete requests will not be considered and will ultimately be denied.**
- A statement explaining your situation must be attached to this form.
- The OSUIT Financial Aid Administrator's decision is final and cannot be appealed.

Step 1: Letter of explanation

- Non-tax filers (both student and/or parents) must submit proof of income (i.e., 1099, W2, etc.) for 2021.

Note: You may be asked to submit additional tax information upon request by our Financial Aid Office.
